Conditions for adopting a Siberian Husky from SHWA (UK):

- The dog is re-homed to the adopter as a pet.
- If not already neutered, the dog/bitch must be spayed or neutered within 6months of re-homing. A contract will be signed for this.
- The adopter is responsible for insuring the dog.
- Under no circumstances may an un-neutered dog/bitch be bred from.
- The dog must not be sold, given or passed on in any other manner to any other person. In the event of the adopter being unable to keep the dog for any reason, the dog must be returned to SHWA (UK) with all relevant paperwork and must not be re-homed in any other way without the express agreement of SHWA (UK).
- The dog will be kept in appropriate conditions for its health and welfare and will be fed a suitable diet for its age and condition.
- The dog will receive all necessary veterinary care to maintain its good health.
- The dog will **never** be exercised off-lead in an unenclosed area (6ft +).
- The adopter understands that if there is a failure on their part to keep to any part of this contract, SHWA (UK) retains the right to repossess the dog at any time.

- The dog has been assessed by SHWA (UK) as suitable for re-homing, but SHWA (UK) can accept no responsibility for any damage, injury or other issues caused by the dog once re-homed.
- Please note – SHWA is a nationwide rescue; however we rely on our network of volunteers to carry out home checks and transport runs. We will consider applications outside of the mainland, successful applicants agrees to cover any costs incurring for transport.

I have read and understood the above conditions of adoption and would like to be considered as a potential adopter for a SHWA (UK) Welfare Dog. I understand that this will involve a home-check and a reference from my veterinary surgeon.
